

Kinspire's Column

Not only a friend, but something much more; A guide and a role model is what we will strive for.

Kinspire UW's Portal - Now Up and Running!

Nicole Bohra

Kinspire UW's portal, a platform that provides the kids with personalized educational tools and resources, is now up and a huge success! The photo below is a screenshot of Sandhya Vaddy's portal homepage. Kinspire UW put in a lot of effort to making this portal a reality, and it exciting to announce that their hard work has payed off. Congratulations Kinspire UW! We look forward to seeing the impact the portal has on the kids' education.

Kinspire UW's Portal

Innovation Challenge

Did you know that our logo is both a graduation hat and a light bulb?

Innovation Challenge

Colleen McCullough

Earlier this year we asked our dedicated volunteers and donors to complete a survey on ideas for our upcoming event, the Innovation Challenge. With these helpful responses, we have begun to plan this event, a full day event for high school and undergraduate students set for January of next year - and wanted to provide an update of what to look forward to!

Our goal with the innovation challenge is to inspire young minds and challenge them to help solve Kinspire's operational challenges. The participants will have the opportunity to choose one of the following solution categories and present their completed project to a panel of judges: Hardware, Software, Policy Proposal, and Initiative Proposal.

This is just a hint of what is to come! We will keep you updated as more details are finalized, and of course when registration begins for this event!
